About Us

Villa Marina is a place where guests can unwind in peaceful and calm surroundings. This beautiful Victorian Villa retains many characteristic features such as light, spacious rooms, with high ceilings and decorative mouldings.

Set in a secluded, south-facing garden with private parking for guests, the villa is ideally located being only a short, level walk from the seafront, harbour, shops and restaurants. It is also a perfect base from which to explore the beautiful coastline and countryside of South Devon.

The five guest bedrooms are beautifully furnished and stylishly decorated in calm, neutral colours. They offer all the facilities expected of a high quality establishment including flat screen televisions with digital channels, hairdryers, luxury toiletries and generous hospitality trays.

There is free wireless internet access throughout. In recognition of the high standard of accommodation provided, together with exceptional levels of hospitality and service, Villa Marina has gained a coveted Silver Award from Visit Britain – one of only a handful of accommodation providers in the English Riviera to be given the accolade.

Directions

By Train
